In response to the Notice of Allowability dated December 1, 2005 kindly enter

Applicant's Comments on the Statement of Reasons for Allowance without prejudice as follows:

Comments on the Statement of Reasons for Allowance

Applicant acknowledges the Office's admission that the pending claims are patentable over the references of record. Applicant respectfully submits that while the specific features and relationships mentioned in the statement of reasons for allowance are not disclosed or suggested in the prior art, these are not the only recited features and relationships which are not found in the prior art. Furthermore, the statement sometimes indicates a general paraphrasing of claim language, and not necessarily the exact claim language. The statement also refers to subject matter (or language) which is not recited in all of the claims. For example, not all claims require transmitting a customer financial account number. Nor do all claims require sending a cash dispense request that includes image data corresponding to the identifier of a particular ATM. It should be understood that the allowed subject matter is to only be limited by that subject matter which is specifically recited. Any remarks in the statement which narrow the recited subject matter should be disregarded.

Respectfully submitted,

Ralph E. Jocke Reg. No. 31,029
